THIRD INFORMATION DISCLOSURE STATEMENT

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

In accordance with the duty of disclosure as set forth in 37 C.F.R. § 1.56, the accompanying information is being submitted in accordance with 37 C.F.R. §§ 1.97 and 1.98.

A copy of each of the documents cited was already submitted as part of the THIRD Information Disclosure Statement.

"A marquer d'une pierre blanche" announces the launching of the PREGYDECO system by Lafarge. New gypsum boards having a special facing sheet are presented. When these boards are used in combination with the DECO jointing compound (the color of which is the same as that of the facing), a white and mineral-looking support is obtained, so that the final decoration (paint or wallpaper) may be directly applied onto the support without any need for an additional layer. The PREGYDECO support is smooth, easily cleanable and resistant to UV light.

"Pregyplac Deco, la nouvelle plaque blanche" is a press kit concerning the PREGYPLAC DECO product by Lafarge. PREGYPLAC DECO gypsum boards have a white surface, are resistant to UV light and easy to clean. The PREGYDECO jointing compound should be used for the finishing, which yields a homogeneous aspect: no difference can be seen or felt between the boards and the joints. The smooth surface of the boards necessitates less sandpapering before painting. The final aspect of the surface, once painted or covered with a thin wallpaper, is improved.
